

March 26, 2019

Dear Friend of Indian Lake Nazarene Camp,

In the past you may have purchased an annual boat registration, ramp card, and/or rented a boat slip at the Indian Lake Nazarene Camp (ILNC) office allowing you access to Indian Lake through ILNC's Boat Launch. We have been notified by Brady Township's Ordinance Enforcement Officer that this summer ILNC will be fined if found not in compliance with Section 11.9-A sub paragraph B.6.e which describes the permitted use of the Boat Launch and Docking in the ILNC marina.

The above-mentioned regulation identifies legal watercraft that can be launched and/or docked at ILNC's site. These include and **are limited to watercraft owned by and registered to:**

- Leaseholders of Indian Lake Nazarene Camp
- Registered guests of ILNC (including the RV park)
- Owners of lots on Indian Lake (riparians)

Launch access and docking are **prohibited** to any watercraft **not registered** to persons described above. ILNC is provided a current list of Indian Lake waterfront lot owners (riparians) from the Brady and Pavilion Township offices.

To summarize, if you provide ILNC's office with a letter from a riparian giving you permission to launch your watercraft, ILNC will **not** be able to legally accommodate that request. Also, if you are a visiting relative/friend of one of the persons described above, ILNC is **unable** to legally allow your boat access through our Boat Launch.

In order to keep ILNC out of legal jeopardy, any attempt to launch a watercraft that has not been registered and approved at the ILNC office will result in the immediate deactivation of the Boat Launch access card that was used, and no refund will be issued. If you have questions or concerns, you may call ILNC's office at 269-649-2281. We are sorry for any inconvenience this may cause.

Sincerely,

Dave Becker
Executive Director
